MOOD: 😞 lonely

MUSIC: Oysterband - A Fire is Burning

Last night, I brought a shoggoth-in-process over to

 [**Ometotchtli**](https://Ometotchtli.livejournal.com/) (<https://Ometotchtli.livejournal.com/>)'s house so we could watch bad movies and eat fresh-baked bread. It was meant to be pretzels, but I didn't feel like making endless pretzels and then boiling and baking them.

So I made a braided pretzel loaf.

(Stick of butter to scale. It's one of your weird skinny East Coast butter sticks, and not a proper fat butter stick, but you get the idea.)

It tasted even better than it looked, just so you know.

Yes, baking with your hands is more fun. And the results have a better texture, and taste better.

Now that's a blues metaphor you can sink your teeth into!

(So to speak.)

I got a little stick of butter, don't you want it melted on your rolls....

...Butter comes in other sizes?

The ones I grew up with looked like this.

When we got butter. It was usually margarine.

Huh. That is so cool. I lived on the West Coast for a year, but I was little and didn't really pay attention to the butter.

oh yum! I should get shoggoth.

Except the chicken stock project is taking over the kitchen, and you need to feed shoggoths regularly. I would be a bad shoggoth mommy.

Every two weeks, more or less. The longer they sit, the stronger they taste.

Hmm... I bet I can manage THAT.

(such an odd conversation with the spousal-unit. "Sweetie, darling? can I get a shoggoth? Chaz says they make good bread..." complete with the big pleading eyes and the trying not to giggle)

And I <3 sourdough bread. Nummy Nummy bread...

Does the kosher salt show up in the photos well enough to be identified if you don't know what it is?

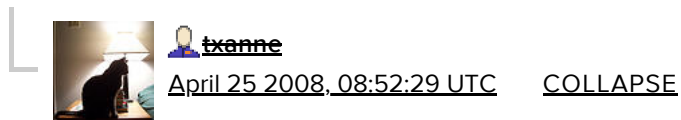

It was, I must say, a minor stroke of genius. The chewy to crunchy to salty ratio is slightly better than with pretzels, even.

Next time I make it, BLTs on pretzel bread! (This summer, I can make them with my own home-grown tomatoes.)

No room for bacon trees in a tiny apartment.

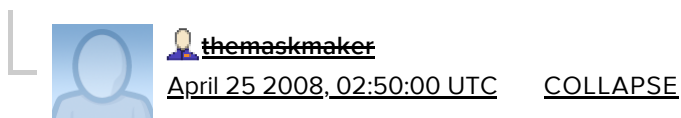

I guess you travel too much for a bonsai'd one to be worthwhile, huh? I hear they're kind of labor-intensive.

I don't think you get enough bacon off those to be worth the effort.

They yield enough for one person's salad. Then again, my appetite's smaller than yours.

Oh holy freaking cow.
